1. Introduction

This publication scheme commits Chester Diocesan Academies Trust (CDAT) to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by CDAT. Additional assistance is provided to the definition of these classes in sector specific guidance manuals issued by the Information Commissioner.

The scheme commits CDAT:

- To proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by CDAT and falls within the classifications below.
- To specify the information which is held by CDAT and falls within the classifications below.
- To proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- To produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- To review and update on a regular basis the information CDAT makes available under this scheme.
- To produce a schedule of any fees charged for access to information which is made proactively available.
- To make this publication scheme available to the public.

It is expected that each of our academies will adopt the policy and adhere to it in its daily practice. This should be read in conjunction with the Data Protection Policy.
